

Point Isabel ISD

101 Port Rd

Port Isabel, Texas 78578

NOTICE TO PARENTS

As part of our commitment to provide your child with a safe, pest-free learning experience, Point Isabel ISD may periodically apply pesticides to help manage insects, weeds, or pathogens. Pesticide applications are part of our integrated pest management (IPM) program, which relies largely on non-chemical forms of pest control. Pesticide applications on Point Isabel ISD property are made only by trained and licensed technicians. Should you have questions about this district's pest management program or wish to be notified in advance of pesticide applications, you may contact our IPM coordinator:
