Dear Parent/Guardian

Your child will be scheduled to test the beginning-of-year assessment during the window of September 8<sup>th</sup> thru September 25<sup>th</sup>. The results of the beginning of year assessments will show how well your child has mastered grade level knowledge and skills during the 2019-2020 school year. Your child's teacher will inform him/her the dates they will test their reading & math beginning of year assessments. We understand that you may be tempted to help your child with questions on the assessment, however, doing this may inadvertently skew the data that we need to help your child. You may help your child to log in to the assessment and provide a quiet space while they are taking the assessment. After your child has completed and submitted their testing a results screen will immediately appear. Your child will see how many questions were answered, how many questions are correct, how many questions are wrong and the percent correct.

The beginning of the year assessment is located at the following URL:

<https://tx.schoolnet.com/Authentication.aspx?mode=login&referrer=https%3A%2F%2Ftx.schoolnet.com%2Fmain.aspx>

## Beginning of year Assessment

### Online Tutorial

One of the best ways to help your child get ready to take the BOY assessments is to have him or her look at the online tutorial.

- The tutorial will show your child how the online test works and how to use the online tools.
- The tutorial helps make sure your child's device will work for the BOY assessments.
- Your child can access the Student Tutorial through a web browser at:

<https://tx8.testnav.com/client/index.html#login?username=LGN424158057&password=EC33GZLH>

For any questions or concerns, please reach out to your child's school. **Derry:** Mrs. Flores (956) 943-0636; **Garriga:** Mrs. Ruvalcaba (956) 943-0085; **PIJH:** Mrs. Marchan (956) 943-0606; **PIHS:** Mrs. Quist (956) 943-0035
