

Valley Environmental Summit 10th Annual Art Contest:

"Marine Debris: Protect and Restore Our Beaches, Oceans, and Waterways"

Marine debris, also known as marine litter, is human-created waste that has deliberately or accidentally been released in a lake, sea, ocean, or waterway. We must do our part to help keep our lakes, oceans, seas, and oceans clean from debris and contamination!

Teachers, encourage your students to participate in the 10th Annual Art Contest from the Valley Environmental Summit. Have your students use their creative art work to showcase how we help combat marine debris.

Prizes:

→ 1st 150.00

→ 2nd \$100.00

→ 3rd \$75.00

Contest Rules
