Scholars today . . .

Dec. 10th – Dec. 15th, 2018
7th week of the 2nd Quarter

On Friday afternoon NHS Members and Silver Belles organized a massive toy drive for elementary children in our area. The children had the opportunity to visit with Santa Clause, eat snacks, watch a movie and best of all receive a present courtesy of our very own high school students. They did an amazing job organizing everything and then pulling off the event without a hitch. When you get a chance, ask Mrs. Taylor to show you some more of the pictures she took. There are too many for me to post, but the smiles and joy on the little ones faces is priceless. Our students giving back to the community should help to remind all of us of the true meaning of the Christmas season.

“Coach” from Neesen Chevrolet educates seniors in Ms. Burleson’s class this past week on the benefits of good credit, how interest rates work and what takes to purchase a new car.
